## About the Conference

The Invertis Institute of Pharmacy at Invertis University proudly announces the forthcoming Indo-Gulf International Conference, focusing on the compelling theme of "Worldwide Aspects in Nanotechnology & Pharmaceutical Sciences." This prestigious event aims to bring together scholars, researchers, and professionals from across the globe to delve into the latest advancements, challenges, and innovations in the dynamic intersection of nanotechnology and pharmaceutical sciences. With a diverse array of speakers, insightful presentations, and interactive discussions, the conference will serve as a platform for fostering collaborations and sharing cutting-edge research. Attendees can anticipate gaining valuable insights into the transformative impact of nanotechnology on the pharmaceutical industry, exploring novel drug delivery systems, and addressing global healthcare challenges. The Indo-Gulf International Conference promises to be a confluence of intellect and expertise, driving forward the frontiers of knowledge in these critical fields

## About the Invertis University

Invertis University, Bareilly (UP) is one of the best private universities in India that focuses on holistic life skills, professional development, and high-quality education to produce exceptional students who consistently achieve outstanding academic results. Invertis University was established in 2010 by an Act issued by the State Government and approved by the University Grants Commission (UGC) from what began as a modest institution in 1998 as the Invertis Institute of Management Studies. In Sept 2021, the college added one more quill to its cap when it consulted with the esteemed National Assessment and Accreditation Council (NAAC) authorization. We create an ecosystem of value-based academic excellence through rigorous coursework and exposure to the finest industrial experiences to produce a thoughtful, balanced, and socially conscious workforce. Department of Pharmacy, Invertis University Imparts high-quality education in Pharmaceutical Science and Technology through a wide range of UG, PG, and Doctoral Programmes. Kindly visit the Invertis University, Bareilly website <https://www.invertisuniversity.ac.in> for more details.

## About the Institute

The Institute of Pharmacy efforts to facilitate state-of-the-art medical education in the field of Pharmaceutical Sciences by infusing scientific language in the students leading towards research and growth as a center of excellence in the field. The vision of the department is to provide the best education to the students that is directly applied to problems and situations encountered in real life and get a successful career. The world-class pharmacy lab enables our students to experiment with each limit to invent life-saving drugs and medicines. Also making hospital training a part of the curriculum helps students to understand the clinical demands and practical challenges of medical sciences.

## About the Association

The Association of Pharmacy Professionals (APP) is a unique organization of more than 1850 dedicated professionals willing to serve the pharmacy profession in dynamic ways. It involves people from various arenas including students, teachers, researchers, scientists as well as industry professionals. APP aids in extending the knowledge and facilities of several technical institutes, industries as well as health sectors to remote areas where the service and live functionality of the pharmacy profession is the real want. This humble act might be in the form of academic, research or health-related activities. The association also shares the responsibilities of professionals towards the community and social liabilities. APP accesses the availability of expertise when it is needed and ensures that systematic teaching-learning activities not only occur but also reach the common knowledge development system by acting as the source of fulfillment. Kindly visit the association website [www.appconnect.in](http://www.appconnect.in) for more details
