INNOVATION IN SCIENCE PURSUIT FOR INSPIRE RESEARCH (INSPIRE)-

Inspire is one of the innovative programs by the Department of Science & Technology for the attraction of talent to science. The basic objective of INSPIRE is to communicate to the youth population of the country the excitements of creative pursuit of science and attract talent to the study of science at an early stage and build the required critical human resources pool for strengthening and expanding the Science & Technology system and R & D base.

INSPIRE INTERNSHIP-

Inspire a component of "Scheme for Early Attraction of Talents for Science (SEATS)" under the INSPIRE Program is the enrolment increasing phase. In this component of SEATS, student would be selected for summer / winter camps on an annual basis to provide an opportunity for students to interact with global Leaders in Science to experience the joy of innovations on an annual basis through INSPIRE internship. Annually 50,000 students who are among top one percent in their X Board Examination and pursuing science in standard XI would be benefited through summer /winter camp. These camps would nourish the curiosity of children in sciences; help them to think out of the box and attract the students at an early age of 16-17 years (i.e. in XI standard) to pursue a research career.

ABOUT INVERTIS-

Invertis University situated in Bareilly on NH-24, equidistant from the country's capital Delhi and state's capital Lucknow. From a humble beginning in 1998. Invertis has come a long way. From 83 students and one Institute- Invertis Institute of Management Studies today we stand tall as a full-fledged University with 10 different institutes under its name. We offer a range of Doctorate, Post graduate, Under Graduate & Diploma Programmes in Engineering, Pharmacy, Management, Fashion Design and Applied Sciences & Humanities. At invertis, we believe that the success of a teacher comes along with the achievements of a students. To ensure that our students succeed, we make sure that they get the very best, that's why our faculty comes from premier institutes like IIT's IIM's & NIT's. It stems from the old management concept of, "Keep your feet warm, back straight and head cool."
