2024- 2025

AN OVERVIEW

Invertis University is situated in Bareilly on NH-24, equidistant from the country capital Delhi and state's capital Lucknow. From a humble beginning in 1998, Invertis has come a long way. From 83 students and one Institute - Invertis Institute of Management Studies, today we stand tall as a full-fledged University with 10 different institutes under its name. We offer a range of Doctorate, Post Graduate, Under Graduate & Diploma Programmes in Engineering, Pharmacy, Management, Fashion Design and Applied Sciences & Humanities. At Invertis we believe that the success of a teacher comes along with the achievements of the student. To ensure that our students succeed, we make sure that they get the very best, that's why our faculty comes from premier institutes like IIT's, IIM's, NIT's. Invertis pioneered the concept of holistic development, an approach of more than just text book studying but an all-round approach of learning. It stems from the old management concept of, "Keep your feet warm, back straight and head cool." Our faculty members foster knowledge and acknowledge students who do well not only in classes, but also in the outside world. The backbone of the university is its alumni alliance, which provides pathways for students even after their studies are completed.
